

GORGEOUS WOOD

*Handcrafted wooden rentals
for your special day.*

01 — WHO WE ARE

Vitalii & Olha *Klymchuk.*

*Hello! We are the Klymchuk family
— Vitalii and Olha.*

What started as a hobby and a love for natural wood has grown into our family business. Every piece in our collection is handcrafted with care, designed with thought, and made from solid hardwood — walnut, oak, ash, red cedar.

We believe wooden décor should be more than decoration. It should tell a story, create an atmosphere, and become part of memories that last. That's why we made heirloom-quality wood accessible — through rental.

You get the pieces for your day. We keep them in our Omaha studio between weddings.
